Jameson | Sotheby's  
INTERNATIONAL REALTY

Merchandise Mart | Architect: Graham, Anderson, Probst and White | Style: Art Deco | Opened: 1930

*When it was completed in 1930, the Merchandise Mart was biggest building in the world in terms of total area. The 4,000,000-square-foot building has its own zip code and has in recent years become the center of Chicago's tech renaissance.*

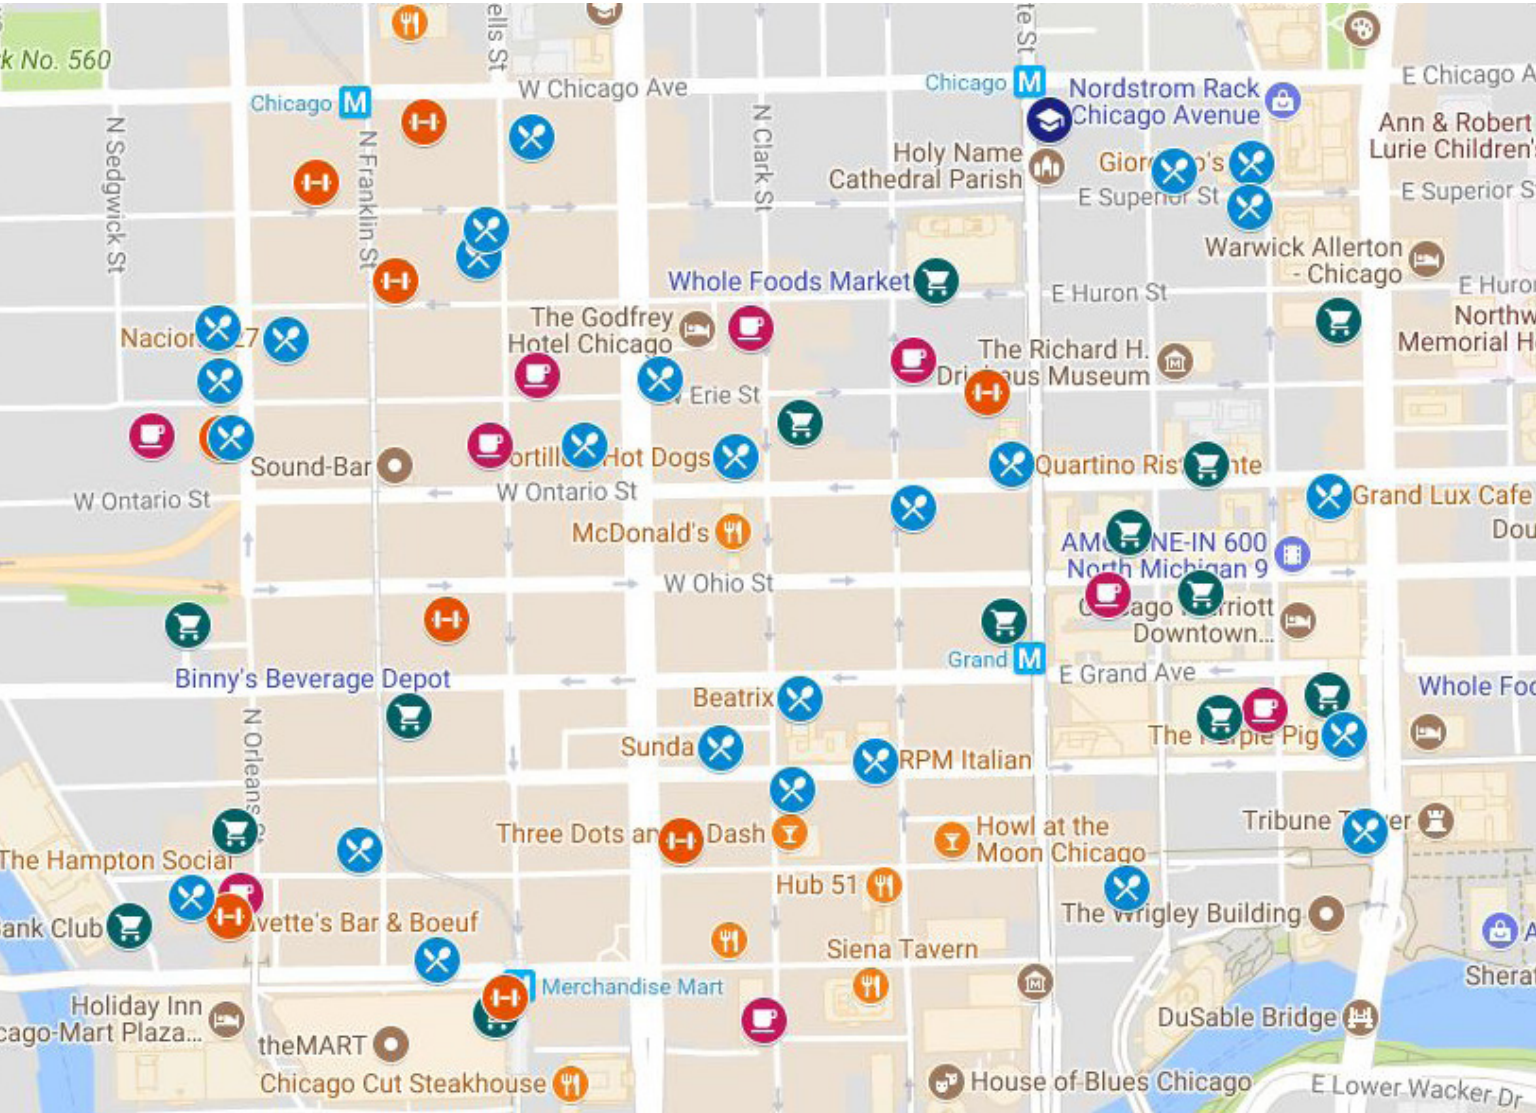

## RIVER NORTH

A stylish urban neighborhood that borders the Magnificent Mile and is just across the bridge from the Loop, River North is the go-to district for those who appreciate fine art and design. And for those who appreciate fine dining and drinks, the momentum behind the latest trendsetting openings continues to build and the late night energy swells.

Dormant factories and industrial warehouses began their transformation in the 1970s and 1980s, becoming work spaces and studios for artists and entrepreneurs. What followed was an influx of new businesses that densely concentrated the area and have made River North a hub for creativity and entertainment.

Cultured by day, River North shifts into high gear by night. The dining scene is always buzzing—from knockout noodles and Spanish small plates to high-end steakhouses and famed pizzerias. Just about every type of cuisine is covered in this mix of award-winning restaurants and local favorites. And for some after-hours revelry, slip into any of the sleek new clubs, upscale wine bars and craft cocktail lounges that dot the scene.
